

The San Diego Blood Bank is asking you to make a difference in life.

The San Diego Blood Bank provides you the opportunity to make a difference in the lives of others... by coordinating successful blood drives at your company or organization.

All we ask is that you host one more successful drive each year.

For those who are already hosting four drives per year, we ask that you make a difference in life by increasing participation at your existing drives.

Group Difference Steps

1. Agree to host one more successful blood drive each year or increase participation at your existing drives.

2. Form a committee of talented people to assist in your recruiting efforts.

3. Encourage pre-scheduling of appointments using the mySDBB online scheduling tools.
