Patient Spotlight

Meet Bryan

In May, 2011, on National Bike to Work Day, Bryan Caraveo was hit by a dump truck while riding his bike to work. Bryan suffered a traumatic brain injury, collapsed lung, several broken ribs; along with a broken nose, clavicle and vertebrae. During his long recovery, he underwent 2 surgeries and required several blood transfusions. Bryan is doing well now, he has even become a regular blood donor and he is always eager to help by sharing his story with the community.

Bloodmobile Greeter Schedule—November 2017

The average time for blood drives is approximately five to six hours. To ensure that your time is respected, an optional time commitment is available: **four hour shift minimum**. Please indicate if you would like a four hour shift when signing up for blood drives. “**Procedures**” number listed following the blood drive time corresponds to the donor projection for that particular drive. Please note, the blood drive schedule is subject to change. **If you have already signed up for a drive in November, it will NOT be listed unless it needs more than one volunteer.** If anyone needs a list of what drives they signed up for and/or has any questions please give us a call Thank you!
