San Diego Blood Bank

Autologous Collections Request

Procedure Eligibility

- Hematocrit of 36% or higher.
- Patients must meet weight requirement of 114 lbs.
  - Any weight <114 lbs. must be approved by the blood bank CMO or designee.
- Antibiotic therapy completed.
- No breathing problems requiring oxygen, severe cardiovascular disease, e.g., critical aortic stenosis, severe coronary artery disease, unstable angina or angina at rest.

General Information

- Whole Blood collections must be at least 3 days apart and a minimum of **14 days prior** to surgery.
- 2 RBC automated collections must be done at least **21 days prior** to surgery.
- Blood is screened for selected infectious disease markers; the ordering physician and patient will be notified of any significant test results.
- On rare occasions, please be aware a collection may not be completed or a collected unit may not be available for transfusion.
- A special handling fee will be charged. Payment is required before the procedure (with some exceptions).
- Fax Autologous Collections Request to **(619) 297- 4064.**
- The patient must do the following:
  - Schedule an appointment with the Special Procedures Scheduling at **(877) 659-2001.**
  - Maintain regular eating habits and drink plenty of fluids several days before.
- Patients **must** bring a photo ID.
